

Greater Lafayette Regional Soccer Alliance Field Information Spring 2019

-
- Scheduled games take precedence over practices at all GLRSA fields. Please check website daily!
 - Please observe all parking restrictions. Make sure you share parking information with your parents!
 - If a goal is not properly anchored, please contact GLRSA immediately at glrsa1@aol.com.
 - Please reserve your time on the half hour (5:30–6:30, 6:30–7:30, and 7:30–8:30). Coaches will be limited to 1 hour of practice time per day to allow others an opportunity to schedule practices. We recommend practices starting no earlier than 5:30. Practice schedules will be posted on our website.
 - Send an email to glrsapracicerep@hotmail.com to reserve a practice field. Please list the days, times, location, and age group of your team(s). GLRSA Rec teams have first priority for all fields except as noted below. If you run into any issues, please send an email to glrsa1@aol.com.
 - If too many teams show up at one time, please share the fields and then contact GLRSA to help resolve.

School Locations:

Before you use green space at any of the other schools, be sure you get permission from the principal. If the school requires a user agreement or payment of any type, please know that the coach is responsible for getting a copy of the agreement to GLRSA for execution (send electronically to glrsa1@aol.com). The team is responsible for any fees associated with use of green space at local schools.

Other Locations:

You may use other locations not listed above for practices. Please make sure you get permission from the owner of the land. If the owner requires a certificate of insurance and/or use form, please send us an email. Our insurance protects the kids regardless of where your practice, but please use good judgment. Don't practice near heavily traveled roads, dangerous areas, etc.
