

BC JR ELITE TRAINING

Youth Soccer Developmental Training By Bryan Clouse

My goal at BC JR Elite Training is to develop young boys and girls 3rd-8th grades to take their game to the next level. Trainees will have the unique opportunity to develop their game in a small group setting. No more than 10-12 players will participate in a 1-hour training session. Each of these training sessions will consist of a series of technical drills to develop foot skills, small-sided games, and tactical discussions to enhance decision-making in non-pressure and pressure situations. Feedback is a vital part of development at BC JR Elite so players know what strengths they possess and also realize what specifically needs to improve. Evaluations can be conducted at the request of the trainee to aide in the developmental process. Training Sessions available on Mondays and Wednesdays 5-6pm/6-7pm from November-March.

Training sessions cost \$20-25 each and can be paid the day of training or in advance by cash, Venmo, or check payable to: BC JR ELITE TRAINING LLC

Sessions are done at Family Sports Center

Please contact me to schedule a session or ask more about the program
