We will be focusing on learning the basics of goalkeeping, goalkeeper related footwork and defining the techniques of the saves that goalkeepers need to make throughout the course of the game. When it comes to the goalkeeper position it is very specific and unlike no other position on the soccer field. I have been a goalkeeper my whole soccer career, I started as a youth player at the age of 5 and played all the way through college and have a real passion for the position. I have several coaching qualifications from the Football Association (UK) and the United States Soccer Federation (USSF) and have been coaching goalkeepers for at least 10 years. Current assistant and goalkeeper coach at Wabash College, current Boilers FC Director of Coaching and former Indiana Soccer ODP Assistant Goalkeeper director.

Please make sure that every player brings with them a drink, shin guards and also bring some goalkeeper gloves if you have them
