

Coach Selection Policy

Prior to each season, anyone interested in coaching for GLRSA must register. Each individual will be subject to a background check as outlined in our Risk Management Plan. Once these steps are completed, GLRSA will make final selections of head coaches and assistant coaches. These selections will be made based on individuals that GLRSA determines are the most appropriate to coach and serve as representatives of the organization.

Coaching for GLRSA is a privilege and a coach may be removed at any time during the season if the club feels it is in the best interest of the club.
